- **All dogs must be registered with AAC to compete in the agility trial.** It is your responsibility to provide the Trial Secretary with your dog's AAC number prior to the closing date or your entry will be rejected.

BITCHES IN SEASON POLICY

As per AAC Rulebook Update v. 8.7 (July 1, 2022), Love2Play is allowing bitches in season (BIS) to attend the trial site and to compete in this AAC sanctioned trial, using the following procedures:

- Handlers are required to notify the trial secretary of a BIS at the trial as soon as it is known
- Handlers of BIS must minimize exposure of their BIS to other dogs and limit their movements on the trial grounds
- The handler of the BIS or the handler of any other dog may withdraw from the trial with a full refund if they choose not to compete because of the BIS
- Competitors will be notified that there will be BIS on site
- A protective mat shall be used at the start line. The handler is responsible for supplying their own mat in good repair and, cleaning it appropriately
- BIS will run as a group at the end of each class
- "BIS" will be noted next to the dog's name on the gate sheet so that other competitors, ring crew and Judges are aware
- BIS will be crated at or in their vehicle, isolated from other crating areas
- BIS must use a designated walking and relief area
- BIS must wear well-fitted protective panties, specifically designed for the purpose of containing seasonal discharges. Panties may only be removed when running, when in the designated relief area, or when crated.

Tugging on Leashes

Tugging in the ring before the start of the run and after the end of the run should be allowed without penalty. Tugging could be on a leash or a toy, however the toy **MUST** be attached to the leash. The attached toy must not contain food. The leash/toy is to be placed at the exit of the ring and cannot be kept by the handler throughout the run. (i.e. on their person). The leash/toy should be placed by a ring crew member in such a way that it is clearly not a target at the end of the run. During team, tugging would be allowed in the box, but that should be discussed by the handlers.

FEO runs

Teams competing 'For Exhibition Only' (FEO) may bring a non-audible toy into the ring to tug with or toss to their dog.

Food in an FEO run

Use of sealed food containers in the ring during an FEO run will be allowed. Food containers must be made of such material, structure and in such a way as to ensure there is no leakage of crumbs or treats, and no chance of accidental spillage should the container be tossed, dropped or grabbed by the dog. The handler cannot feed the dog during the run, or in the ring.

HEIGHT CATEGORIES, JUMP HEIGHTS, AND FEO

Your dog's height category is based upon its measured height as entered on its AAC height card. Anyone wishing to run "For Exhibition Only" will be charged the same as the regular competitors. By AAC rules, you will be ineligible for placings, qualifiers, or prizes. Please indicate on your entry form that you are running "FEO" and specify the division & height that you want to run your dog in. This will not be reflected on your dog's permanent record.

Regular Division: Open to all dogs, 18 months of age or older, as described within the current AAC rules.

Special Division: Open to all dogs but intended for dogs which are of a size or stature that limits their jumping ability. Dogs in this category must jump one jump height lower than the height listed for regular dogs.

Veteran Division: For dogs 7 years of age or older that are currently competing in any division and for dogs 5 years or older which have competed in the Special Division for a minimum of one calendar year. Dogs in this category must jump one jump height lower than the height listed for regular dogs. At the handler's discretion, the dog can jump two heights lower than the height listed for regular dogs (Veteran Double Drop Division).

Junior Handler: Must have a Junior Handler ID number from the AAC. Dogs running in this category must jump at least one height lower than the height listed for regular dogs.

Senior Handler and Handlers with Disability: Senior handlers (65 years and over) and handlers with disability may request a modified course time and a modified points requirement as per rule 2.6.2.6 - Accessibility. Proof of disability or age will not be requested. A handler must indicate on the entry form if entering in the Senior/Disabled Division for each trial.

Effective July 1, 2022: Giant Breed Height Concession - for dogs measuring over 22". Dogs considered giant breeds may jump one or two jump heights lower than their measured Regular height when they compete in the Specials category. Dogs who have double dropped in jump height as a Special may enter the Veterans category and receive Veteran time at the age of five. (They will not drop a third height). For awards by jump height, giant breeds competing as a 16" special shall be ranked with other dogs in that same height and not in a separate category. For a dog to be considered a giant breed, it must satisfy one of the following criteria: 1. Be one of the breeds listed below. Or a mixed breed with substantially similar look, OR 2. lean body weight (lbs) to height (inches) ratio

>4, OR 3. height at the withers >27". Giant Breeds: Alaskan Malamute, Bernese Mountain Dog, Black Russian Terrier,

Bloodhound, Bouvier de Flandres, Bullmastiff, Cane Corso, Dogue de Bordeaux, Great Dane, Great Pyrenees, Greater Swiss Mountain

Dog, Irish Wolfhound, Kuvasz, Leonberger, Mastiff, Neopolitan Mastiff, Newfoundland (includes Landseer, Saint Bernard (Section 2.6.2.2)

Accessibility Option (A/O) - Senior Handlers and Handlers with Disability

Senior handlers (65 years and over) and handlers with disability may request a modified course time and a modified points requirement (see below for details).

Proof of disability or age will not be requested by the host club. A handler must indicate on the entry form if entering as senior/disabled handler (check AO box) to receive modified times/reduced number of points.

A senior or handler with a disability may use a motorized scooter (if facility allows), cane, walker or similar physical aid with them in the ring if needed. Handler will also be allowed to carry the leash in their pocket, scooter/walker basket, around their neck – anywhere that makes it easy to pick up and use at the end of their run.

Handler's dog shall be entered at its current competition jump height and category; modified time and reduced point requirements are a concession for the handler, not for the dog. If the senior or disabled handler chooses this option on the Trial Entry form, the dog will be scored with an adjusted course time and/or modified points for games. The dog will still be eligible to earn a Qualifying score with the adjusted course time and/or modified points. The dog will be eligible for placements based on its unadjusted score, and an indication will be made next to the placement column that the time/points concession is to be used to determine a qualifying score. Handlers can choose to have this option at any given trial, provided they enter as a Senior/Disabled Handler for the whole of the trial.

For Standard, Challenge, Jumpers, Steeplechase and Team, the score table will subtract the time prior to scoring the run, regardless of whether the dog was under the SCT for that division and category or not. For Gamble and Snooker, the score table will add 3 points prior to scoring the run.

MODIFIED COURSE TIMES
